Pledge of Allegiance

Discussed the screening on Scoliosis for 6 and 9th grader to be done on February 9, 2017. These screenings are done yearly by the school nurse to detect any spinal deformities. According to school law (House Bill 832) all children in grades 5th and 8th or 6th and 9th are required to be screened. If, for religion reasons, parents do not wish to have the child screened, they must submit an affidavit exemption to the school nurse.

Forsan ISD is having free EKG's for our students grade levels 7th-12th grade. This is funded by the **Cody Stephens Go Big or Go Home Foundation** and it will be the last year that it will be offered free of charge. They are accepting donations for future screenings and Staff can be screened as well with a fee of \$15.

Tornado drills were discussed due to the weather changes and getting ready for Tornado season. Concerns were raised about our safety rooms due to the storage.

PIPS (Players in Performance)- Informed that this will be done next basketball season. Nurse already received information on starting this in the school system for grade levels K-6th.
